Gerard:

Given Boal's order extending the fact discovery deadline, I see no reason to expedite our responses to the new discovery you served on SSC. That said, in the interests of compromise, we will agree to serve responses to the requests for admission on an expedited basis. We will not, however, agree to respond to the requests for production on an expedited basis. The requests for production go well beyond the narrow issue of the formulary, and we are entitled to (and will need) 30 days to respond.

With respect to re-deposing Dr. Lister and Ms. Atkinson, I suggest that we revisit this issue after we respond to your requests for admissions. I believe that our responses may affect your position.

Please let me know if you would like to discuss.

Thanks.

Gerard:

George and I spent more than 20 minutes on the phone earlier today discussing a briefing schedule. I suggest you give him a call.

Regarding SSC, I do not yet have a response for you on the discovery responses. With respect to depositions, is your proposal to re-depose **BOTH** Dr. Lister and Ms. Atkinson but **ONLY** regarding the following topics:

- Modifications to the formulary
- Verification of ROG and RFP responses related to Exhibit 5 to our RFP responses
- New documents produced in response to the RFPs served this week?

Thanks.

Matt

Matt,

Why don't y'all send us a proposed briefing schedule. We can then integrate that into the full schedule that the Court wants us to negotiate. Do you know yet when you will be able to provide us the SSC and Lister discovery responses? Will you agree to make Dr. Lister and Jean Atkinson available for half day depositions under the terms I previously emailed you?

Gerard

Chris and Yvonne,

Can we have a call to discuss a briefing schedule on the PSCs partial MSJ? I could talk this afternoon or tomorrow morning.
